The shepherd’s clue hunt

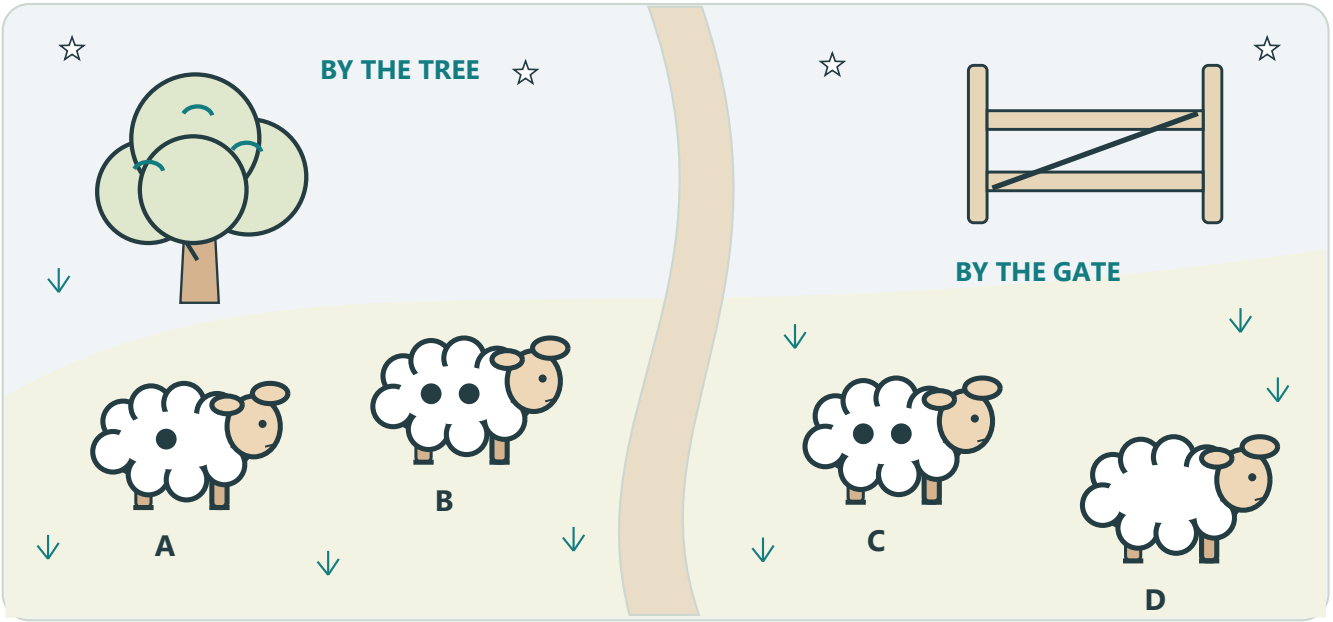

11

Get a pencil and some colours. Choose one task at a time.

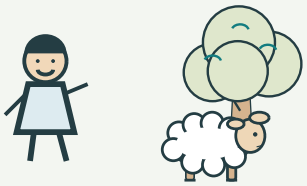

1 Which sheep fits?

The message says: “The sheep has two spots on its back. It is by the tree.” Circle the sheep that fits both clues.

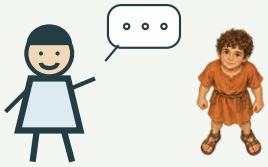

2 First, next and last

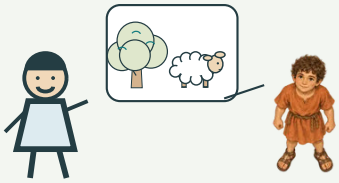

Mira hears where the sheep is. Then she finds the sheep. Last of all, she tells Mika. Write 1, 2 and 3 in the circles.

She finds the sheep. ○

She tells Mika. ○

She hears the message. ○

Look, count and tell

11

Get a pencil and some colours. Choose one task at a time.

3 A new little flock

Two shepherds have each counted their own part of the flock. Read both cards. How many sheep do they have altogether?

BY THE TREE

"There are four sheep here."

BY THE GATE

"There are two sheep here."

☐ **Six sheep**

☐ **Four sheep**

4 Make a safe place for the flock

Draw a place where the sheep can rest. Give one sheep its own pattern. You decide what it looks like.

5 Let a friend follow the trail

Draw a sheep on a small piece of paper and hide it. Give a friend one clue about the place. Give another clue if needed. Swap roles. Hide the paper where you can both reach it safely.
