Get a pencil and some colours. Choose one task at a time.

1 Find the house that fits

Mira has drawn a plan for a birdhouse. Read the plan. Circle the house that has all three details.

MIRA'S PLAN

Pointed roof. Round hole. Two stripes on the wall.

2 Has it happened – or is it a hope?

Match each card to a box. More than one card can go in the same box.

1 "I saw two birds by the tree."

2 "I hope a bird moves in."

3 "I put up the house today."

HAS HAPPENED

HOPE

What do we know of the birds?

3 What is inside the house?

Read the two cards. How many baby birds are inside the house? Put one cross.

MIRA

"I hope three baby birds will come."

NOAH

"I saw one bird on the roof."

- [ ] Three baby birds.
- [ ] The cards do not say.

4 Draw what you hope for

Make up something good that could happen next at the birdhouse. Draw it. This is a hope, not something we know has happened.

5 See one thing – hope for one thing

Put three things on the table. Say one thing you can see, and one thing you hope to do with them. Let a friend point to what you see. Swap roles.
