A house from a note

10

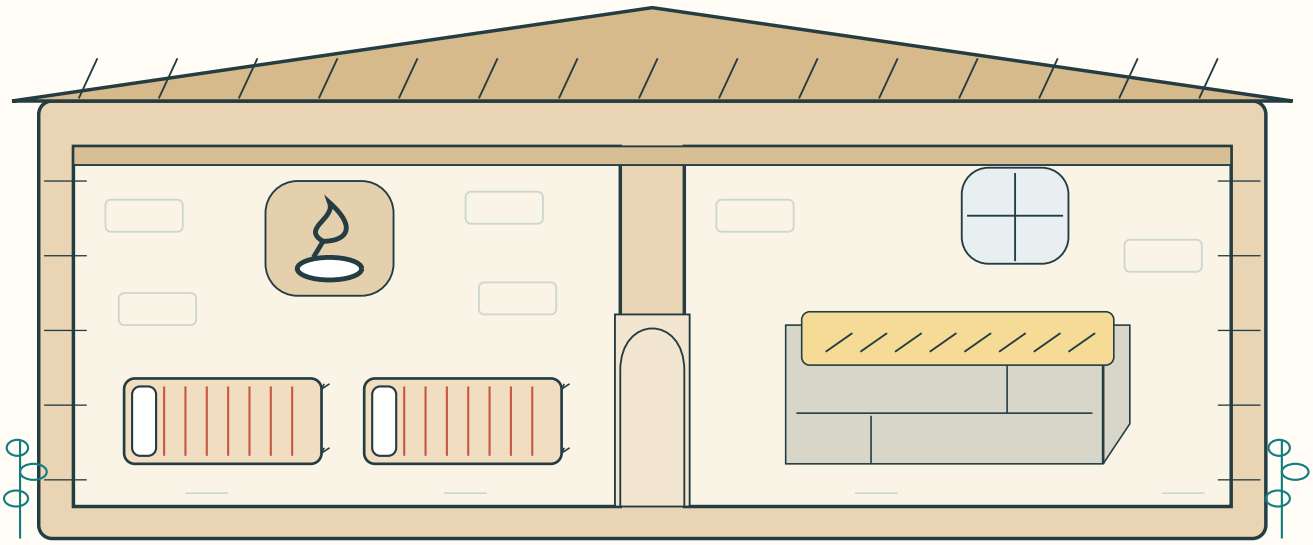

Come inside! Find things, read clues and examine two drawings.

Mika: Can we draw a whole house from a little note?

1 Look inside the practice house

Draw lines from the word cards to the things in the house.

SLEEP

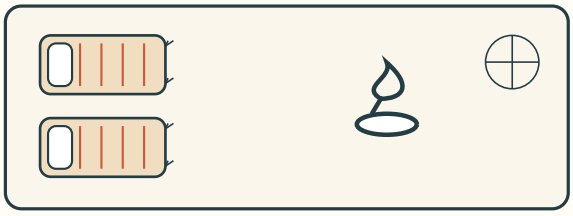

FOOD FOR ANIMALS

LIGHT

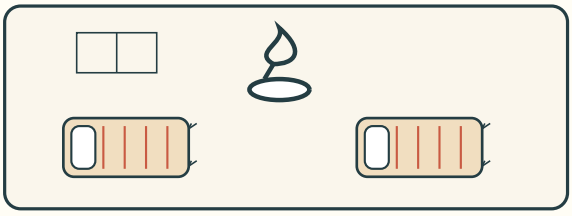

2 Two artists. Same note.

THE NOTE

“In the room there were two mats and a lamp.”

A

B

Which drawings match the note? Tick one box.

☐ Only A ☐ Only B ☐ Both

A cat in the room?

10

A new note turns up. Now it is your turn to be the artist.

3 Read before you draw

THE NOTE

“The guest slept on a mat.”

Lea: I want to draw a cat next to the guest!

Mika: But does the note say there was a cat there?

Circle what the note tells us about:

A MAT **A CAT**

Luke: We don’t know if there was a cat there. The note doesn’t say anything about it.

4 Draw more of the story

Draw the mat from the note. Make up two more things. Put a star by them.

5 You say – your friend builds!

Name two things for a room made of blocks. Your friend builds it and adds one more.

Point: What did you say? What did your friend make up? Alone: Use your drawing.
